

Call for Participation

We invite you to join us in **9th International Conference on Advances in Mechanical Engineering (AME 2023)**

This conference will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications impacts and challenges of Mechanical Engineering. The conference documents practical and theoretical results which make a fundamental contribution for the development of Mechanical Engineering. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to:

Highlights of AME 2023 Include:

- 9th International Conference on Bioscience & Engineering (BIOE 2023)
- 9th International Conference of Advances in Materials Science and Engineering (MAT 2023)
- 9th International Conference on Recent Trends in Electrical Engineering (RTEE 2023)

Registration Participants

Non-Author / Co-Author/ Simple Participants (no paper)

300 USD (With proceedings)
